

WE ARE THE

PRO-LIFE GENERATION,

AND WE WILL **ABOLISH ABORTION IN OUR LIFETIME.**

STUDENTS FOR LIFE OF AMERICA EXISTS TO RECRUIT, TRAIN, AND MOBILIZE THE PRO-LIFE GENERATION TO ABOLISH ABORTION.

TINA WHITTINGTON

One of the greatest human rights violations of our time can only change when we speak up, educate, and empower women, and this generation, to change the culture.

Tina is a force with a voice. She has been a guest on Fox News, Nightline, Loveline with Adam Carrola & Dr. Drew, quoted in the New York Times and the Washington Post. She has also engaged in debate with Dr. Rebecca Gomperts, abortionist and founder of Women on Waves, on the Alan Colmes radio show. She has been a guest speaker at universities across the country including Harvard, Dartmouth, University of Connecticut Medical School, and Fordham University.

There is no better way to mobilize, empower and educate on this topic than going directly to our youth. They are the face of the future and, with over 8 years of experience in managing millennials, there is no one better to mobilize them. Tina continually uses her experience and expertise to speak on such topics as: *The Pro-Life Generation*, *Leadership*, and *Post-Abortion*.

Students for Life speakers seek to empower and multiply this Pro-Life Generation to accomplish our mission of ending abortion in our lifetime. We are unafraid to be a voice for the preborn and warriors to take on the abortion industry right where they target, our nation's college and high school campuses. We understand that education is the key to equipping this generation with the truth and answers to those hard questions they will inevitably face when standing firm and standing up for righteousness.
